SUBJECT: Nuclear Conference in June--  
Proposal for DD/NFA Remarks

In the draft agenda for the conference you will note that I have blocked out some time for remarks that you might wish to make on the subject indicated. Please let me know if you wish to do so, and I will firm that part of the proceedings on the schedule. Your remarks would be especially informative to the policy people who will be present and who may not have a very good appreciation for the production side of our business.
